

Ms. Robin Brown recently became the DoD Diminishing Manufacturing Sources and Material Shortages (DMSMS) Lead, replacing Mr. Alex Melnikow who retired in February.

Prior to joining the Defense Standardization Program Office (DSPO), Ms. Brown was the NAVAIR DMSMS Lead and established a core centralized Team for NAVAIR which won the DoD DMSMS Team of the Year in 2014 and 2015 and helped NAVAIR avoid spending over \$1 billion dollars by managing DMSMS proactively.

While at NAVAIR for the past 15 years, she provided DMSMS support to all NAVAIR Program Offices, served as co-chair of the DoN DMSMS Working Group, and was awarded the Navy Meritorious Civilian Service Award.

She also participated as a member of DoD DMSMS Working Group for which she won the DoD DMSMS Individual Achievement Award in 2013.

She looks forward to continuing to leverage her past experience to empower mitigation of DMSMS issues across the Services.
